

INTERNATIONAL JOURNAL OF PHYSICAL SCIENCE

Volume 5, Number 3, 2010

S/NO	CONTENTS	AUTHORS	PAGES
1.	Global Warming: A Critical Challenge to Food Security.	Onyedineke Onyukwu Chima and Asagha, Emmanuel Nkoro	1-4
2.	Assessment of Internet Protocol Version Six (IPv6) Infrastructure Change-Over Demands in Nigeria.	Okafor, Friday Onyema	5-10
3.	Verification of Theoretical Stochastic Framework in Operations Research using Locality Gathered Data.	Udele, M. E and Umar Mohammed	11-16
4.	Permutation Groups and Normal Subgroups.	Shuaibu Garba Ngulde	17-21
5.	Determination of Chromium and Cadmium Elements in Food Cooked Inside Old Steel and New Stainless Steel Pots.	Owolabi Joseph Ayodele	22-24
6.	Computer Cyber Crime: The Silent Threats and Invisible Enemies.	Abba, S.	25-35
7.	Electrical Resistivity Survey for Groundwater in Parts of Yenagoa and Ogbia Local Government Areas, Bayelsa State, Nigeria.	C. Ovoru; G. J. Udom and E. Oborie	36-43
8.	Comparative Studies on the Distribution of Cobalt, Copper and Iron in Soil and Water Between Malumeashi and Dutsin-Ma Towns of Katsina State, Nigeria.	Yargamji, G. I; Tsafe, A. I; Kamaladdeen, A; Ja'Afar, B. and Alasan, Y.	44-47
9.	Mosquito Repellent Activity from the Seeds Extract of Nigeria Sativa (Black Caraway).	Mudi S. Y., Salisu A. and Sadiq A. L.	48-51
10.	Processing of Beta-B Hemihydrate ($\text{CASO}_4 \cdot \frac{1}{2}\text{H}_2\text{O}$) of Plasters from Calcium Sulphate Dehydrate $\text{CasO}_2 \cdot 2\text{H}_2\text{O}$. (Selenite) for Suspend Ceilings in Construction Industry: Rethinking Third World Towards Development.	R. O. Ozobu	52-56
11.	Proximate Analysis and Mineral Compositin of Roselle Species Used for Sobo Drink in North Eastern Part of Nigeria.	J. Z. Tutare Ajiji J. Koliro and Babayo Abdulkarim Umar	57-60
12.	Analytical Studies of Physicochemical Properties of Five Different Sources of Water Samples Found During Dry Season Arouds Gella, Mubi South Local Government Area of Adamawa State.	Hamidu A. Vandi S., Nami G. and T. A. Garba	61-64
13.	Physicochemical Properties and Coliforms Assessment of Three Different Sources of Water Samples Found in Maida Local Government Area of Adamawa State.	Christiana E. Abraham E. and Babayo U. A.	65-69
14.	Exploring the Application Model for Mobile Technologies.	Babatunde Babayodele Olofin and Victoria Atinuke Oyedepo	70-76
15.	Emerging Career Opportunities in the ICT Profession and Qualification for Applications Suitability.	B. A. Ekanem and N. Essien	77-86
16.	Fraud Detection and Control on ATM Machines, an Algorithm for Combating Cash and Fund Transfer.	Ibrahim A. A. Mishra and Barroon I. A.	87-96
17.	Role and Impact of ICT Education in Sustainable Development.	Amit Mishra	97-105
18.	Analysis of Software Process Improvement and Capability Determination in Sustenance of Nigerian Software Engineering Organizations.	Eke B. O. and Okengwu U. A.	106-112
19.	Simulation: A Categorical Imperative in Facility Layout Design in Nigeria.	Imaekhai Lawrence	113-119
20.	Modeling the Effect of Environmental Pollution on	Ekerikevwe, I. K., Elugwu, F. and	120-125

	Nigerian Economic Development.	Ekerikevwe, A. S.	
21.	Sylow p -Subgroups of Two Permutation Groups by Wreath products.	M. M. Ardo and Y. K. Pindar	126-134
